

EARLY CHILDHOOD MUSIC CLASSES

Music exerts a profound impact in the lives of young children — they happily tune in, listening wide-eyed and moving to the beat.

Hoff-Barthelson's programs for young children are grounded in Dalcroze Eurhythmics—a method of teaching that pairs music and movement to catalyze the development of children's minds and bodies. Even the very youngest children develop focus, spatial awareness, gross motor skills, social skills, and the ability to work with others—all while having fun!

Research has long demonstrated the value of movement-based learning. Noted Swiss musician and educator Émile Jaques-Dalcroze (1865-1950) understood that the use of movement facilitates musical understanding and encourages musicality. His methods form the foundation of high-quality early childhood music education programs world-wide.

Home to both a thriving early childhood music program and a Teacher Training and Certification program endorsed by the Institut Jaques-Dalcroze, Hoff-Barthelson is one of the foremost centers of early childhood music education in the United States.

**Rates below are per 15 week semester. Enrollment is ongoing throughout the year.
Tuition is pro-rated based upon time of enrollment.**

MUSIC AND MOVEMENT CLASSES

Hoff-Barthelson offers weekly classes based in Dalcroze Eurhythmics for preschoolers. Exercises and games in class involve singing, moving and improvising, and using small percussion instruments to promote keen inner hearing and rhythmic sensitivity. Attractive, colorful materials, including balls, hoops, and colorful scarves inspire a variety of activities and appeal to the imagination.

Our young students are guided and encouraged by their teachers to develop many skills involved in music-making. In parent-child classes, a joyful bond grows between the children and their adult caregivers as they sing together, listen, and move with the music.

PARENT/CHILD CLASSES:

Learning in the Lap (3 – 12 months; must be 3 months by September 1)

One 30 minute class per week - \$445

Monday: 11:00 am

In Learning in the Lap, designed for young ears just learning to

listen, certified music teachers awaken babies' senses through gentle singing and live instrumental performance. Babies and their parents/caregivers sing and move together, deepening their bonds and making friends with others. Classes conclude with a musical "Petting Zoo" during which babies explore a variety of colorful and engaging instruments.

The Guppies (12 – 24 months; must be 12 months by September 1)

One 30 minute class per week - \$445

Monday: 10:15 am

Thursday: 10:15 am

As children begin to explore the world around them, The Guppies opens up the world of music using songs and musical games to develop focus in a nurturing, fun-filled way. Children, supported by parents/caregivers, move to the music and develop their curiosity as they delve into new concepts of sound and song.

Tunes for Twos

One 40 minute class per week - \$475

Monday: 9:30 am and 12:30 pm

Thursday: 10:50 am and 12:30 pm

Perfect for two-year olds, who love to learn through movement, Tunes for Twos features songs and musical games that foster vocabulary development and a growing repertoire of small and large motor movements, socialization skills, and the ability to follow instructions. Twos also begin to explore a variety of instruments. Parents/caregivers learn songs and activities to enjoy with their children at home.

Seasons of Song (For Threes)

One 40 minute class per week - \$475

Monday: 1:15 pm

In Seasons of Song, three-year olds explore musical concepts through songs, movement, musical games, playing instruments, and *Chalk Talk*. Children develop vocal and aural skills, and enjoy singing in a group. The class is thematically structured around nature and the changing seasons. Includes a song packet so families can continue the music-making at home.

Available for parents and children together as well as in "drop off" format for children who enjoy attending music class independently.

"Chalk Talk" introduces the children to music notation: the teacher makes sounds with the chalk while notating rhythm patterns on the board—the chalk "talks"—so that the children hear rhythms while they observe the notation.

CHILD ONLY CLASSES

Seasons of Song (For Threes)

One 40 minute class per week - \$475

Thursday, 1:15 pm

See description above.

My Musical World (For Fours)

One 40 minute class per week - \$475

Monday, 2:45 pm

Four-year olds learn music from countries and cultures around the world while developing music and language skills through singing, playing instruments, movement, and *Chalk Talk*. *Chalk Talk* familiarizes children with basic music notation; eventually, when students begin instrumental study, the written notes are old friends.

Listening and Learning in Action (For Fives and Kindergarten)

One 40 minute class per week - \$475

Tuesday, 3:30 pm

Saturday, 9:30 am

Because kindergartners, who happily learn rhythm through movement, are also fascinated by visual symbols, this class prominently features *Chalk Talk*. Children clap and play rhythms on percussion instruments while the teacher notates them on the board. Aural skills are developed through singing accompanied by hand movements that show the motion and contours of the melody. Recommended for children who are taking instrumental lessons, or are preparing to do so.

Getting to Know You: Exploring the Instruments

(For Fours, Fives and Kindergarten)

One 40 minute class per week - \$475

Tuesday, 2:45 pm

Saturday, 8:45 am

Much in demand, Getting to Know You brings professional musicians into the classroom to introduce children to instruments in the wind, string, and percussion families through sight, sound and stories. Children also explore Dalcroze Eurhythmics to develop their musical skills. Highly recommended as preparation for private instruction.

Little Pipers Recorder Classes (For Kindergarten)

Beginners: One 30 minute class per week - \$638

Thursday, 4:30 pm

Intermediate: One 45 minute class per week - \$700

TBA

Children love to play recorder; it is perfect for the young hand, and ideal as an early wind instrument. Group lessons in recorder introduce young children to the joy of making music with others, while teaching basic musical concepts and note reading. Children learn at first by ear, then to read independently. Excellent preparation for further instrumental study.

Suzuki Pre-Twinklers (Violin for Older Threes and Fours)

One 40 minute class per week - \$550 (Parent/Child)

Monday, 2:00 pm

Thursday, 2:00 pm

This class, for three- and four-year olds and their grown-ups, serves as an introduction to instrumental study and features singing, movement activities, and *Chalk Talk*. Students begin the year with foam violins (Foamalins) and graduate to child-size violins, taking their first steps in violin position and playing. Rhythm and pitch patterns drawn from the first Suzuki songs are introduced as well.

Suzuki Pre-Flute (Flute/Fife for Kindergarten)

One 40 minute class per week - \$550

Monday, 3:45 pm

This class introduces young students to the flute (Yamaha fifes provided). Students learn the fundamentals of flute embouchure formation, breathing and tonguing (articulation) techniques, as well as note-reading and rhythm. Students will perform songs and tunes accompanied by piano.
